Reality - The Hope of Glory

AARON KATZ

The four messages in this book lift the Spirit-led life out of the confines of every artificial, religious environment and set it in reality where it is tested and proven. The powerful and subtle seductiveness of the world, the absolute need for radical separation from the world and its spirit, the true meaning of obedience in a world full of reasons to despair, and the triumph of true faith are some of its themes.

This book points toward end-times when a life lived wholly by God’s Spirit will be the minimal condition for being able to stand. It is therefore a bold challenge to every lesser version of Christian life and a powerful inspiration to those who will not settle for less than God’s reality.
